Subject: Draft EPA Trends Report Executive Summary Comments
Attachments: DRAFT - EPA Trends Executive Summary 2017 NHTSA.docx

Hi Aaron,

We have received clearance to send NHTSA's comments and edits on the Executive Summary, which is attached. Below, we are also providing high-level comments on the Executive Summary.

Deliberative Process / Ex. 5

Thanks,

Ken Katz

Subject: RE: Draft EPA Trends and GHG Performance reports for NHTSA review

Ken,

Thank you for getting back to us quickly. I realize that we're asking for tight timing, but unfortunately we're also trying to work through our internal processes to be ready for publication. Do you think it would be possible to get comments by the end of the day on Wednesday?

Deliberative Process / Ex. 5

Thanks,
Aaron

Subject: RE: Draft EPA Trends and GHG Performance reports for NHTSA review

Aaron,

Normally NHTSA is given at least a week to review and provide comments on these documents. Given that most people will be out of the office this week because of the Thanksgiving holiday, I'd like to request that NHTSA be given at least until next Thursday to review and provide comments on these documents.

Thanks,

Ken Katz

Subject: Draft EPA Trends and GHG Performance reports for NHTSA review

NHTSA colleagues,

Please find attached the draft version of two annual EPA reports – the Fuel Economy Trends Report and the GHG Performance Report . As in years past, EPA is preparing to publish these reports together and we would like to provide NHTSA with an opportunity to review the reports before they are released.

Deliberative Process / Ex. 5

Since these reports are largely unchanged and NHTSA has previously reviewed them, we would like to have any new NHTSA comments by COB Tuesday November 28th.

Thank you and please feel free to direct any questions to either myself or Rob French.
